BEYOND POWERPOINT Teaching with Technology

Interested in bringing technology into your classroom, but not sure how?

Join CTEN in this interactive workshop to learn about innovative uses of technology in and out of the classroom! Experienced teachers and technology experts will be on site to provide suggestions and feedback, answer questions, and stimulate discussions on various topics such as: facilitating student engagement, creating and using virtual office spaces, developing online resources, and overview of educational technology on campus, and the design of courses integrating technology.

This workshop counts for CITL workshop credit!

Jamie Nelson
CITES Specialist

Dr. Robert Baird
Associate Director at CITES

Harriett Green
English & Digital Humanities

Dr. Florencia Henshaw
Director of Advanced Spanish

Dr. Norma Scagnoli
*Director of eLearning
College of Business*
